WHICH RAIN MASTER® CENTRAL CONTROL PRODUCT IS RIGHT FOR YOU?

Rain Master is proud to offer two Central Control Platforms:

Rain Master iCentral™: Internet-Based Central Control System for use with the RME Eagle™ and Eagle™ Plus Controllers

Rain Master Laguna™: Computer-Based Central Control System for use with the Rain Master DX2 and DX3™ Controllers

Both systems provide a variety of features to help you meet your water management needs.

Rain Master iCentral™ provides a very flexible water management solution for anyone looking for remote system access over the internet. From a single controller to hundreds throughout the United States, iCentral can communicate, report, summarize, and adjust system-specific data. Programs may be entered or modified in the field from a mobile device. iCentral will automatically inform the operator anytime a field change has occurred. In addition, the operator can initiate a rain shutdown command to one or more controllers, modify any controller setup information, and manually turn on/off any station or program. Advanced users may set up the iCentral website so that weather information is automatically sent to each controller every day by entering or submitting their respective zip code.

ZipET™, a Rain Master exclusive, provides the ability to collect and disseminate daily weather information so that your controllers can irrigate intelligently based upon plant material demand for water, "EvapoTranspiration" or ET. Upon receipt of the weather information, the RME Eagle™ or Rain Master Eagle™ Plus controller intelligently modifies scheduled station runtimes by replacing just enough water to maintain plant water requirements for that day.

Automatic Schedule Generator (ASG) provides all the basic tools necessary to establish watering parameters based on soil, plant and slope requirements. ASG automatically creates 12 monthly schedules, each with daily ET adjustments (using online ET date or Weather Center).

Rain Master DX3™ with Laguna™ is the premier Central Control System. It is the next generation of Centralized Irrigation Management, largely due to its unique features: Visual Positioning (VP) imaging and mapping, ET (EvapoTranspiration) water management, WEATHERVIEW™ real time weather and AIM (Advanced Irrigation Management) provide a number of sophisticated features to allow the irrigation professional to efficiently manage any micro climate.

The Laguna™ VP site mapping tools provide an easy way to visually position and locate all field controllers, weather stations, or other field devices. Use the "zoom" feature and highlight any device or controller and launch programming screens, view alerts, or use the integrated note pad to note device specific information.

Contact your local Rain Master distributor for additional information.

Rain Master Policies and Procedures

MINIMUM ORDER:

\$200 net for whole goods or a combination of whole goods and accessories or parts. \$50 net for accessories or parts.

PRICE & SHIPPING TERMS:

All prices are FOB factory and are subject to change without notice. Suggested List Prices do not include any applicable sales taxes.

CANCELLATION OF ORDERS:

All orders may be cancelled ONLY if notification is received three days prior to shipment date.

CANCELLATION OF CUSTOM ORDERS:

All orders may be cancelled ONLY if notification is received three days prior to shipment date. Subject to a 20% cancellation fee.

FREIGHT ALLOWANCE:

Truck freight is prepaid on each order of \$5000 net or greater for shipment at one time to one destination in the continental U.S. "SPED, PSB AND UFEN" SERIES ENCLOSURES DO NOT QUALIFY FOR PREPAID FREIGHT.

TERMS:

All invoices not paid by net due date will be subject to a service charge of no less than 1.5% per month. Late charge will automatically be assessed on all past due accounts. (18% annual percentage rate).

TITLE AND ASSUMED RISK:

The purchaser assumes possession at factory, after which, injury or destruction of the product as described in the invoice is borne by the purchaser and damage, loss or destruction shall not release the purchaser from payment responsibilities.

CREDIT:

Payment is required in advance on initial orders until credit has been established with Rain Master.

RETURN OF MERCHANDISE AND RESTOCKING CHARGES:

Merchandise may not be returned without a Return Goods Authorization (RGA) from the factory. This number must be placed on all documentation and written on the outside of the carton. All merchandise must be shipped prepaid to Rain Master's factory and will be subject to factory inspection and a restocking charge of 25%. All returns of "new" merchandise (non warranty) must be returned in their original carton, in a like new condition, complete with all manuals and documentation. Any damage caused by shipping or other circumstances, missing manuals and or documentation, or the replacement of the original carton (due to damage) will be the financial responsibility of the customer and billed in addition to the 25% restocking fee.

RETURN OF CUSTOM PRODUCTS:

ONLY with written approval and a Return Goods Authorization (RGA) from Rain Master. Subject to a 50% restocking charge.

- Rain Master reserves the right to change prices without prior notice. Please confirm pricing with the factory before placement of any order.
- We reserve the right to improve our products and make changes in the specifications and designs without notice and without incurring obligation.

Irritrol Trade Warranty

Excluding software and products formerly produced under the Rain Master® brand name, Irritrol® offers the following coverage to its trade customers:

For the first year from the date of original sale to the trade customer, product may be exchanged "hasslefree" over-the-counter, should it have original manufacturing defects. For years two through five from the date of original sale to the trade customer, all parts which are found to have original manufacturing defects, shall be repaired or replaced (Rain Master's choice), provided the product is returned to the original place of purchase or sent to the Rain Master Controller Repair facility at 5825 Jasmine St, Riverside CA 92504, postage paid.

All Rain Master Controllers and iCentral iCards, excluding iCentral upgrade kits, have a 5-year warranty; all other Rain Master products (accessories) have a 2-year warranty.

Rain Master Laguna Software packages have a 90-day warranty. All computer hardware purchased from Rain Master in conjunction with its PC related software is NOT covered by any Rain Master warranty. Computer hardware and the installed operating system(s) is specifically covered by the hardware manufacturer's warranty as provided by the hardware manufacturer.

This warranty does not apply to loss or damage to the product due to improper installation, abuse, alteration, mishandling, accident, or if the product has been serviced by other than Rain Master or its authorized service centers. This warranty is not a consumer warranty and does not extend to anyone other than those trade customers who purchase Rain Master products.

NOTE: Irritrol is not liable for (i) failure of products not manufactured by Irritrol even though such products may be sold or used in conjunction with Irritrol products; (ii) indirect, incidental or consequential damages, including but not limited to vegetation loss during periods of malfunction or resulting non-use; (iii) any loss or damage (e.g., property damage) resulting from an installer's negligence; or (iv) implied warranties of merchantability or fitness for a particular purpose. Some states do not allow the exclusion of incidental or consequential damages, so the above exclusion may not apply to you.

In no event shall Irritrol be liable or in any way responsible for any damages or defects in the product which were caused by repairs or attempted repairs performed by anyone other than an authorized Irritrol /Service dealer or center.

This warranty supersedes all previous warranties and shall be the sole and exclusive warranty granted by Rain Master and shall be the sole and exclusive remedy available to the trade customer. Correction of defects, in the manner and period of time described herein, shall constitute complete fulfillment of all liabilities and responsibilities of Rain Master to the trade customer with respect to the product, and shall constitute full satisfaction of all claims, whether based on contract, negligence, strict liability or otherwise.

NOTE: The user is cautioned that changes and modifications made to the equipment without the express written consent of the manufacturer will void this warranty.
